Subject: Available Now - Updated Special Education Forms and Training

MSB™ Maine Community Email | August 1, 2014

As you are aware, the Maine Department of Education recently updated the forms for IEPs with an effective date of August 1, 2014. In preparation for these updates, MSB has been working to update the form set within Adori to ensure a seamless transition from the old forms to the new format. As of Friday, August 1, 2014 all IEPs and AWNs will populate on the new forms when printed or archived. For students with forms archived on or before July 31, 2014, the format will not change.

We want to assure you that all student information remains intact, and the functionality of Adori remains the same. The change to the IEP forms did necessitate a few, minor changes to the Adori workspace. These changes should not pose significant differences in how districts capture IEP and Notice information.

To help districts identify the differences, we have scheduled webinars to review the forms and any Adori workspace changes. To view dates of upcoming webinars and register, please click [here](#).

These webinars are a great opportunity to participate in the Q&A regarding the new forms and to network with other districts in the state. We strongly encourage early registration as space is limited. If you have any questions regarding the new forms at any time, please contact your Program Specialist. As always, you may direct your technical support questions to our [Customer Care Team](#) at 800.810.4220, or by starting a live chat while in Adori.

Thank you, and here's to a great 2014-2015 school year!
