

Section 65 Cover Page

Purpose:

The ***EDMS Suggested ITP Template*** is structured in a manner that we believe addresses all policy requirements of an ITP for Section 65, and includes all elements needed for a KePRO Prior Authorization (PA) or Continued Stay Review (CSR). Our objective for providing the ITP template is to capture, on a single document, all information from the clinician for both an ITP and PA request, which will enable a district administrator to submit the request through KePRO.

If your clinician desires to continue using his/her own ITP, please ensure that the ITP developed by your practitioner contains all the elements mandated by policy. Your EDMS Program Specialist would be happy to discuss these requirements with your clinical team.
